THE ANGLO-CHINESE CALENDAR MANUAL.

A Handbook of reference for the deter-
mination of Chinese Dates, during the
period from 1850 to 1869; with comparative
Tables of Annual and Menstrual Designations,
&c., &c. Compiled by WILLIAM FREDER-
ICK MAYER, H.M.C.S.

Author's Preface.

Most persons whose avocations or studies
are connected even remotely with Chinese
subjects are wont to confess the need of a
convenient manual of reference for the pur-
pose of determining dates according to
either the European or the Chinese method
of computation; and a system of compar-
ison for the names attributed to years,
months, and other periods is also frequently
a desideratum with translators and
readers of Chinese literature. The com-
piler of the following tables has thought,
accordingly, that their publication in a
convenient form may prove useful, although
much yet remains to be done for the elabo-
ration of comparative calendars, etc. that
should leave nothing to be desired. With
the exception of the Cyclical Table of
Years, and the Table of Solar Terms, both
of which were originally compiled by Dr.
Morrison, and afterwards republished with
improvements in Williams' Commercial
Guide, from which (with some alterations)
they are now copied, the whole of the mat-
ter assembled in the following pages is for
the first time made accessible to general
reference.
